For GPs, Nurses & Allied Health Professionals

Sonder
Better Care Better Health

Date & Time

6.30 -9.30pm
Tuesday 9th April 2019

Venue

Education Development Centre
4 Milner Street
Hindmarsh SA 5007

Light dinner provided
No cost to attend

This education session will provide attendees with updated information on appropriate testing, interpretation of results and the follow-up process for cervical screening. The presenter, Dr Amy Moten will also discuss the management of symptomatic clients presenting for cervical screening and referral pathways.

Learning outcomes

- Undertake appropriate history and testing for clients presenting for cervical screening.
- Interpret cervical screening test results and identify appropriate referral as required.
- Describe appropriate follow up recommendations for clients with HPV detected on cervical screening.
- Identify appropriate investigations and referral pathways for symptomatic clients presenting for cervical screening.
